

## **Pay It Forward Fund**

*Established in honor of Carol Maslan z"l and Nadine Strauss*

**About the fund:** This fund is dedicated towards mitigating housing, food scarcity, and direct human need for those beyond our HNT community.

It is established in memory of Carol Maslan z"l and former Executive Director Nadine Strauss, who together were co-conspirators in the art of Tikkun Olam. The expansive message of this fund is that our HNT family believes we must provide for all people regardless of affiliation or faith identity, and for those who receive to know that when they fell on hard times, it was the Jewish community who came to support them.

**Matching:** Under the terms of the fund, all donations qualify for employer matches.

**Expenditures** will be managed by the Executive Director in consultation with the Director of Finance, guided by recommendations of the Social Action Committee, with some additional restrictions to protect the integrity of the fund.

**Priorities of this fund:** To support institutional programs such as shelters, non-profits, and individually managed programs that also involve HNT congregants in activities of direct human need. Additional priority of this fund is to encourage congregant engagement and continued HNT commitment towards social action/social justice.

All donations can be made online at [h-nt.org/donations](https://h-nt.org/donations) or by calling the synagogue office at 206-232-8555.
