

How to Captain a Shelter Meal

Step 1: To captain a dinner, go to <https://signup.com/go/LFUMZRs>, and find an open date that works for you (with a green SIGN UP button). You can see dates further out using the next page numbers at the bottom. Sign up for a date that you and any co-captains (spouse and/or friends) are available for 6:00 PM drop off time and to help serve. Type “(Herzl-Ner Tamid)” in the comments section.

Step 2: Decide on a menu. You can either choose one of the sample menus on page 2, or, you can create one of your own. Be *specific* (“beef hot dogs” rather than “a main dish”) and serve only a few different dishes so everyone gets some of everything). Include foods that are high in protein and are soft and easy to chew. Plan to feed 80 men for dinner.

Step 3: Email your menu and date to ShelterMeals@h-nt.org and we will put together a sign-up form for your meal and send you the link.

Let us know whether you are comfortable having dishes dropped off at your house that day for you to bring (if people can't make it to the shelter themselves), and we can include that on the form. This is not a requirement.

Step 4: Send an email to your friends asking them to contribute a dish. A sample is included below, though you are welcome to edit/rewrite to fit your style. Fill in/select the **red** with your meal's info:

Dear friends,

We are captaining a meal at the Congregations for the Homeless (CFH) Shelter on [date] and would love your help to provide dinner for 80 homeless men. CFH strives to mitigate the pain of homelessness by providing meals and basic needs. Herzl-Ner Tamid (our synagogue) is working with CFH to provide multiple monthly meals.

Please sign up to cook or buy part of the meal and deliver it to the shelter on [date] at 6:00 PM Here's the link: [link]. Feel free to sign up for multiple items or requested servings, and please use disposable containers. They have ovens/microwave to warm food before serving, but food needs to be cooked before you arrive.

Though not required, you are welcome to sign up to stay and be one of our 7 servers. Note that food should be delivered and volunteers should arrive at 6:00 PM (not before); dinner is served at 6:30 PM. The men will help you unload your car.

Directions: *The shelter is located at Lincoln Center Office Park: 515 116th Ave NE, Bellevue, across the street from Chevrolet of Bellevue. Turn off of 116th into a parking lot and head west, all the way to the back. When the parking lot turns left, take this turn and park anywhere. It's the gray building that looks a bit like a small older office complex with the door in the southeast corner. You can also drop your dish off at our house between [time] and [time] that day. Our address is [your address].*

Captaining a meal is very easy and hugely rewarding - if you are interested in captaining another shelter meal yourself, please email ShelterMeals@h-nt.org.

Thank you so much!

[Your name]

Sample Menus (or create your own!)

(Numbers in parentheses indicate how many people you'll request to sign up for that item)

Meal 1	Meal 2	Meal 3
20 portions of roast chicken (4)	2-9x13 pans of meat lasagna (3)	30 Hebrew National hot dogs (4)

Feedback/Suggestions from Previous Meals

We were overwhelmed by the amount of food our friends and HNT members donated – we ended up having enough for 2 meals! Rebecca made the dinner organization very easy to manage by creating the sign-up sheet and by handling all of the details. It was a piece of cake for us. It felt good to solve a short-term need, so that the staff could work on solving the long-term issues. This experience motivated us to continue giving back to our community and helped us realize that **volunteering with our friends is a fun and rewarding way to spend time together.**

-Michelle Goldberg

Captaining the dinner service at Eastside Men's Shelter was **one of the most purposeful tzedakah opportunities that I have been part of.** It was extremely meaningful to help fulfill one of life's most basic needs, and to nourish body and soul. What a really fun way to spend the evening among a wide variety of people who also volunteered to help out. And the men were so very kind, appreciative and gracious, making it all worthwhile! I will happily contribute again in a heartbeat.

-Aileen Okrent

It was very noticeable when the men spotted an item they may not see a lot like seasonal vegetables such as squash, broccoli, cauliflower - pretty sure they see a lot of baby carrots. One of our volunteers responded when I questioned why they would use their farm fresh (literally) vegetables, they responded, 'don't the men deserve something so good'. They had already treated these men with a level of dignity that isn't always reflective when we think of the task of feeding 80 men.

-Nadine Strauss

The six of us who served dinner all had great evening dishing out the food and interacting with the men. **I wish that the many members of the community who don't support a homeless shelter in Bellevue would come spend an evening and see for themselves that there is really nothing to fear.**

-Julie Ellenhorn

You can use a cooler (or foam/polystyrene boxes) to help keep food warm. Wrap the pot in a couple of layers of towels and then wedge it in the cooler. Wedge more towels around as needed to stop it tipping over. It also makes transportation easier.

-Mindy Landsman

What to bring the food in—those huge disposable aluminum pans (used for roasting turkeys etc) so you can just drop off and leave everything. We sealed it tight and it stayed warm... **Don't stress about making too much. It will get eaten.** They are so appreciative!

-Shelley Dillon

They were very appreciative of the quality of the food, the choice of vegetables, and of course the brownies and cookies were a great hit. **There are 2 stoves, each with a large oven and 4 burners.** We brought our food as hot as we could, but then were able to keep things warm in the ovens. There still is **not much room for actually preparing food.**

-Susan Edelheit

It was an amazing experience. The staff were very helpful and appreciative and the men were all so appreciative and polite. We had more than enough food. The staff said the night before there was close to 90 men, but tonight when we left around 8:30, they had about 60 men. The staff person took over saying that they will serve food all night...**They will freeze the rest and use on nights they don't have a sponsor.**

-Sharon Sandler
