

# The Virtual High Holiday Youth Program 5782

All youth programming and family services will be virtual on Zoom this year

## Middle School

The middle school program this year will have the theme of including underrepresented communities in our prayer experience. Those include LGBTQ communities, different racial groups, various socio-economic classes, and disability groups. They all have an important place at the table of learning in our community. In Biblical times, women often times were part of the disenfranchised group. Using their experience we will highlight how we can be inclusive in today's time. The lives of Sarah, Hagar, Chana, Penina, Zipporah, Rebecca, Leah, Rachel will be explored throughout the High Holidays this year in the middle school program by viewing how they pray and experience the Divine. Join Dr. Sherri Shulman for an in-depth discussion and prayer experience. Special guest [Scott Fried](#) will inspire and join the group to contribute words of wisdom and a story. Participate by clicking below (standard password) on the following days and times. Please email Dr. Eliyahu Krigel at [eliyahu@h-nt.org](mailto:eliyahu@h-nt.org) with questions:

### September 7:

11:00-12:00pm: Middle School Program:
